FCC

To whom it may concern;

Since I found XM Radio, with the purchase of my new vehicle in 2002, I have never been happier to listen to such a wide variety of music, talk, humour, news, history and anything else with the push of a button. I resent the National Association of Broadcasters trying to tell me that I may not be allowed to hear what I am paying for. Please reject the NAB's petition 04-160. Perhaps the NAB could take a lesson and change the format they use over and over.

Thank you
